

# Errata

Lucas Bindelli

THERE was an error during the copyediting of the paper [1], so the financial support and authors' information was misplaced and incomplete in the footnote of the first page. We sincerely apologize for this mistake. The correct information is as follows:

This work was supported by the project "Assessment of the energetic potential of tidal currents in Patagonian estuaries through numerical modeling" (financed by CONICET and YPF Foundation 2016-2017, Argentina) and Instituto Nacional del Agua (INA, Argentina).

L. Bindelli, M. Re and L. Kazimierski are part of the Instituto Nacional del Agua, Laboratorio de Hidráulica, Ezeiza, Argentina, and Universidad de Buenos Aires, Facultad de Ingeniería, Buenos Aires, Argentina (e-mails: [lucasbindelli@gmail.com](mailto:lucasbindelli@gmail.com), [m.re@ina.gob.ar](mailto:m.re@ina.gob.ar) & [leandrokaz@gmail.com](mailto:leandrokaz@gmail.com)).
